

CIA INTERNAL USE ONLY

DD/R-729-62

14 November 1962

MEMORANDUM FOR: Chief, Administrative Division  
OSA/DD/R

SUBJECT: Parking Permits

1. As an attachment I am forwarding to you four reserved parking permits. These permits are numbered 20,000 through 20,003 and pertain to space numbers 491 through 494.

2. In order to get these permits, it was necessary for me to sign a statement to the effect that this must be considered temporary and subject to recall. While there is a good possibility that such recall may not take place and these may become permanent property of the DD/R, it is necessary that I pass along this same provision. Furthermore, depending upon the number of additional spaces we may get and in view of the accelerated efforts that are on to staff ORD and other top level scientific and technical personnel, we may have to have internal DD/R reallocations.

3. In spite of these conditions, you are free to use these permits in whatever fashion that is consistent with OSA procedures until such time as it may be necessary to request their recall (which I hope won't happen).
